I am at peace.

*I begin a new life
in this moment.*

*I greet the morning
with joy and
enthusiasm.*

I am brilliant.

I LOVE MYSELF.

*I always have enough
money to pay my bills
ahead of time.*

My body is strong and healthy.

All is well in my life.

Every resource for my healing comes to me easily and effortlessly.

In this **transformational** workshop originally created by best-selling author Louise L. Hay, *You Can Heal Your Life*® you will discover the mindset that has limited your success in business, financial abundance, intimate relationships, spiritual growth, and much more.

Come learn to love yourself more,
reprogram your subconscious mind,
and eliminate negative beliefs, such as:

- › I'm not good enough
- › Life is difficult
- › Relationships don't work
- › I'll never have what I really want
- › I don't matter
- › It's too painful to forgive

*"The powerful and
effective techniques I teach
are very simple and easy to
learn! Allow me to assist you
in becoming a more peaceful,
confident, happier you".*
